

Campbellsport FFA Alumni Tractor and Truck Pull Rules

- 1.) Contestants will draw numbers to determine pulling order.
- 2.) Contestants will weigh in before pulling.
- 3.) Number one puller is the test puller and may take the pull if weight machine is okay, or may be #3 or last puller.
- 4.) All contestants (Drivers) enter at their own risk.
- 5.) Driver must remain seated during the entire pull and operate tractor in a safe manner.
- 6.) Nothing Can be added, or taken off after you are officially weighed in. Winning tractor may be subject to reweigh if necessary.
- 7.) Driver weighed with tractor, any alterations after you are officially weighed in may cause disqualification.
- 8.) Weights must be placed so as not to interfere with hook ups.
- 9.) The pull will start with a tight hook up, no jerks.
- 10.) Only rubber tires permitted. No Four wheel drive, dual tires, tire studs, or chains permitted. All power must be transmitted through the wheels.
- 11.) All vehicles shall be in neutral or Park (transmission selector) while being hitched or unhitched.
- 12.) All tractors must be equipped with working rear brakes.
- 13.) Unless there is a tie, only one pull per contestant in each class.
- 14.) Judges have the right to stop the tractor at anytime and their decision is final.
- 15.) Tractors shall be stopped immediately upon signal from judge. The pull shall be considered over when forward motion stops.
- 16.) Draw-bar must be equipped with clevis of a 3" diameter opening.
- 17.) Weights must be at least 6" above draw-bar so not to interfere with hookup.
- 18.) All tractors must be equipped with stock hood, grill, fan shroud, fenders, and all wheels for safety.
- 19.) All farm class tractors have a 2800 RPM limit.
- 20.) The officials reserve the right to reject or disqualify any entry.
- 21.) If for any reason you don't hook up in a class, you must notify a track official before the class starts and you will be refunded your fee.
- 22.) Shifting is allowed as long as forward motion doesn't stop.
- 23.) Operator may change gears or shift weights within the first 100 feet.
- 24.) Tractor must stay within boundaries or will be disqualified. Regardless, a measurement will be taken for record purposes.
- 25.) Tractor shall be regular stock models and stock built.
- 26.) Weights not to exceed 24" in front of vehicle. , antiques 18".
- 27.) Any driver may be disqualified for adding weights, tampering with another tractor, or any act not in the best interest of the contest.
- 28.) Violation of any rules shall constitute a disqualification.
- 29.) No cut tires.
- 30.) No extra fuel pumps of any kind will be allowed.
- 31.) All weights must be securely fastened. If a weight falls off, measurement will be taken from the spot the weight falls off.
